**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please deny AT&T's recent request to prevent competitors from using critical infrastructure to deploy fiber to more homes. If you do allow it, there will be less competition, higher prices and poorer service. We need more broadband and fiber deployment by multiple companies. Otherwise, both internet and telephone service will be worse and more expensive.
